

September 28, 2015

David,

From all accounts and reports you and your team did an outstanding job at the function hosted by Ms. Davis at her home. Your team was very professional in appearance, performance and delivered a high caliber of customer service. I know this was a difficult venue but you planned well and executed even better. Thank you for the strong work and effort. JOB WELL DONE!!!!

Your company will certainly be one of the first we consider for the next special event parking opportunity.

It was a pleasure working with you.

Best regards
